        Pred. No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              DB DB

GENERAL INFORMATION:
APPLICANT: Israeli, Ron S.
APPLICANT: Heston, Warren D.W.
APPLICANT: FAII, William R.
TITLE OF INVENTION: PROSTATE-SI
TITLE OF INVENTION: USES THEREO
NUMBER OF SEQUENCES: 48
CORRESPONDENCE ADDRESS:
ADDRESSEE: Cooper & Dunham LI
STREET: 1185 Avenue of the AV
CITY: New York
                                                                                                                                                                                                                                                                         1680
                                                                                                                                                                                                                                                                                      2279
                                                                                                                                                                                                                                                                                                                2219
                                                                                                                                                                                                                                                                                                                                                                     2099
                                                                                                                                                                                                                                                                                                                                                                                   1440
